

## Fill in the gaps

Be otherworldly She knew (3) here   Count your blessings by   Seduce a stranger And she (5) of   What's so wrong with bein' happy? Warning   Kudos to those who Don't (6) let (7)   See through sickness, yeah Floating in this   Over and over and over and over Cosmic Jacuzzi    We are like   She woke in the morning Frogs oblivious   She knew that her life had passed her by To the water   And she called out a warning Starting to boil   Don't ever let life pass you by No one flinches   I suggest we We all float face down   Learn to love ourselves before it's She (8) in the morting   Made illegal She knew that her life had (9   When will we learn? (when (1) we learn?) And she called out a warning   When (2) we change? (when will we change?) Warning	
Seduce a stranger And she (5) or   What's so wrong with bein' happy? Warning   Kudos to those who Don't (6) let (7)   See through sickness, yeah Floating in this   Over and over and over and over Cosmic Jacuzzi    We are like   She woke in the morning Frogs oblivious   She knew that her life had passed her by To the water   And she called out a warning Starting to boil   Don't ever let life pass you by No one flinches   I suggest we We all float face down   Learn to love ourselves before it's She (8) in the more   Made illegal She knew that her life had (9)   When will we learn? (when (1) we learn?) And she called out a warning	ut a warning

Made illegalShe knew that her life had (9When will we learn? (when (1) we learn?)And she called out a warning	
When will we learn? (when (1) we learn?) And she called out a warning	ning
	her by
When (2) we change? (when will we change?) Warning	
when (2) we change: (when will we change:) warning	
Just in time to see it all come down Don't ever let life pass you by	
Those left standing Pass you by	
Will make millions (Ohh, ohh)	
Writing books on the way it should have been	

- 1. will
- 2. will
- 3. that
- 4. passed
- 5. called
- 6. ever
- 7. life
- 8. woke
- 9. passed
