

## Fill in the gaps

you

30,000 feet (1) the city where	To make you smile the way I (14) wanted to
I fell in love with you	(15) the (16) blows babe
And the fading concrete skyline	You can bet I'll be riding high (17) it
Brings an urban lullaby that still rings true	Holding on for my (18) life just like I always did.
When I passed you on the street that day	Close your eyes babe, take a breath
Should've let (2) red scarf fly away	Say my name and I'll be (19)
Like any (3) I had of keeping you	My love will (20) you anywhere
Like the Northern wind a blowing	Anywhere my love
Yeah my lonely (4) was frozen	So I'll fly all night
Never (5) I'd find a way	Our memory's my (21)
To break yours too	That love won't lie
Where the wind blows babe	If it's love done right
You can bet I'll be riding high with it	You'll be waiting on the (22) side
Holding on for my dear life just like I always did	Arms open (23) If love don't lie
Close (6) eyes babe, take a (7)	Lie, we can fly
Say my name and I'll be there	Where the (24) blows babe
My love will find you anywhere	You can bet I'll be riding high with it
Anywhere my love	Holding on for my dear life just (25) I always did
The city (8) look like a country sky	(26) your eyes babe, (27) a breath
(9) staring at the stars turned upside down	Say my name and I'll be there
I wish I may, I wish I might	My (28) will find you anywhere
Find it in your (10) to stick around	Anywhere, my love will find you anywhere
I hate it had to end this way	Anywhere, my (29) will (30) yo
Tomorrow is a brand new day	anywhere
And the (11) (12) at love are	Anywhere my love
(13) few	
Someone's out there waiting	
For a sweet good timing lady
