

Fill in the gaps

Let me be your hero. (whisper)	Am I in too deep?
Would you dance	Have I lost my mind?
If I (1) you to dance?	I don't care, you're here tonight.
Would you run	Chorus
And never look back?	I can be your hero, baby
Would you cry	I can kiss away the pain
If you saw me cryin'	I will stand by you forever
Would you save my soul tonight?	You can take my (5) away
Would you tremble	(Instrumental)
If I touched your lips?	Oh, I just wanna hold you.
Would you laugh?	I just wanna hold you, oh yeah.
Oh please tell me this.	Am I in too deep?
Now (2) you die	Have I lost my mind?
For the one you love?	Well, I don't care, you're here tonight.
Hold me in your arms tonight.	Chorus
Chorus:	I can be your hero, baby
I can be your hero, baby.	I can kiss away the pain, oh yeah
I can kiss away the pain.	I (6) stand by you forever
I will stand by you forever.	You can (7) my breath away
You can (3) my (4) away.	Chorus
Would you swear	You can (8) my breath away.
That you'll always be mine?	I can be your hero.
Would you lie?	
Would you run and hide?
