Just A Kiss by Lady Antebellum

Fill in the gaps

	Just a (9) of the fire burning so bright
Lying here (1) you so close to me	I don't want to mess this thing up
It's hard to fight (2) feelings	I don't want to push too far
when it feels so hard to breathe	Just a shot in the dark that you just might
Caught up in this moment	be the one I've been waiting for my whole life
Caught up in your smile	So baby I'm alright with just a kiss goodnight
I never open up to anyone	No I don't want say goodnight
So (3) to hold back	I know it's time leave but you'll be in my dreams
when I'm holding you in my arms	Tonight
We don't need to rush this	Tonight
Let's (4) take it slow	Tonight
Just a kiss on your lips in the moonlight	Just a kiss on your lips in the moonlight
Just a touch of the (5) burning so bright	Just a touch of the fire burning so bright
I don't want to mess this thing up	I don't want to mess this thing up
I don't (6) to push too far	I don't want to push too far
Just a shot in the dark that you just might	Just a shot in the dark that you just might
be the one I've been waiting for my whole life	be the one I've been waiting for my whole life
So baby I'm alright with just a kiss goodnight	So baby I'm alright with just a kiss goodnight
I know that if we give (7) a little time	Let's do this (10) with just a kiss goodnigh
it'll only bring us (8) to the love we wanna find	With a kiss goodnight
It's never felt so real	A kiss goodnight
No it's never felt so right	
Just a kiss on your lips in the moonlight
