#### It's The Only One You've Got by Three Doors Down

how do you know where you're going		You hide behind your walls	
when you don't know where you've been		cause (5) he never hurts	
You hide the shame that you're not showing		Forgetting that there's something more	
and you won't let (1)	in	than just knowing better	
A crowded street can be a quiet place		Your mistakes do not define you now	
when you're walking alone		They tell you who you're not	
So now you think that you're the only one		You've got to live this life you're given	
who doesn't have to try		like it's the (6) one you've got	
and you won't have to fail		What would it take	
You're so afraid to fly		to get you to say (7) I'll try	
then I guess you never will		And what would you say if this	
You hide behind your walls		was the last day of your life	
cause maybe he never hurts		You hide behind (8) walls	
Forgetting that there's something more		cause maybe he (9) hurts	
than just knowing better		Forgetting that there's something more	
Your mistakes do not define you now		than just knowing better	
They tell you who you're not		Your mistakes do not define you now	
You've got to live this life you're given		They tell you who you're not	
like it's the only one you've got		You've got to live this life you're given	
The memories have left you broken		like it's the only one you've got	
and the scars have never healed		You hide behind your walls	
The emptiness in you is growing		cause maybe he never hurts	
with so little left to feel		Forgetting that there's so much more	
You're scared to look back on the days before		than just knowing better	
You're too (2) to (3) on		Your mistakes do not define you now	
And now you think that you're the (4) one		They tell you who you're not	
who doesn't have to try		You've got to live (10) life you're gi	iven
and you won't have to fail		like it's the only one you've got	
You're so afraid to fly			
and I guess you never will
