

Fill in the gaps

Close your (1) so you don't (2) them	Youth is wasted on the young
They don't need to see you cry	before you know it's come and gone,too soon
I can't promise I (3) (4) you	You were there for summer dreaming
But if you want to I (5) try	and you (15) me what I need
To (6) this summer serenade	and I hope you'll (16) your freedom
The past is done we've been betrayed	for eternity, for eternity
It's true	To sing this summer serenade
Someone (7) the (8) will out	the past is (17) we've (18) betrayed
I believe without a doubt	it's true
in you	youth is wasted on the young
(chorus)	before you know it's come and gone
You were there for summer dreaming	too soon
and you (9) me what I need	you were there for (19) dreaming
and I hope you'll find your freedom	and you are a (20) indeed
for eternity, for eternity	and I (21) you'll find your freedom
Yesterday when we were walking	for eternity
You talked about your ma and dad,	you were (22) for summer dreaming
What (10) did (11) made you happy,	and you gave me (23) I need
What (12) did that made you sad.	and I know you'll (24) your freedom
We sat and watched the sun go down	eventually
Then (13) a star (14) we lost	For eternity, for eternity
the moon
