When you're talkin' to yourself	So what'll happen to us baby
And nobody's home	Guess we'll have to wait and see
You can fool yourself	When I find out all the reasons
You came in this (1) alone	Maybe I'll (6) another way
(Alone)	Find another day
So nobody ever told you baby	With all the changing seasons of my life
How it was gonna be	Maybe I'll get it right next time
So what'll happen to you baby	An now that you've been (7) down
Guess we'll have to wait and see	Got your head out of the clouds
One, two	You're back down on the ground
Old at heart but I'm (2) 28	And you don't talk so loud
And I'm much too young	An you don't walk so proud
To let love (3) my heart	Any more, and what for
Young at heart but it's getting much too late	Well I jumped into the river
To find ourselves so far apart	Too many times to make it home
I don't know how you're s'posed	I'm out here on my own, an drifting all alone
To find me lately	If it doesn't show give it time
An what more could you ask from me	To read between the lines
How could you say that I never needed you	'Cause I see the storm getting closer
When you (4) everything	And the waves they get so high
Said you took everything from me	Seems everything we've ever known's here
Young at (5) and it gets so hard to wait	Why must it drift away and die
When no one I know can seem to help me now	I'll never find anyone to (8) you
Old at heart but I mustn't hesitate	Guess I'll have to make it thru, this time- Oh this time
If I'm to find my own way out	Without you
Still talkin' to myself	I knew the storm was getting closer
And nobody's home	And all my friends said I was high
(Alone)	But everything we've ever known's here
So nobody ever told us baby	I never wanted it to die
How it was gonna be
