

Fill in the gaps

Come one and all and see the broken man,	That (6) man is me
Talking to himself	There it goes again, I can (7) it louder
He sits and waits for something better,	It doesn't feel good anymore
He'll never find it here	All I want to know is
The people (1) his hair	Why, does any of it matter? (I can't take it anymore)
And (2) his cheek, he can't even feel it	You've gotta try, the inhale that makes the exhale so
There it goes again, he's (3) to	(8) better
someone	Now I know I disappear
He hears the (4) laughter	I can't find my way from out of here
And all he wants to (5) is	Everything is fading on me
Why, does any of it matter? (I can't take it anymore)	Someone tell me
You've gotta try, the inhale that makes the exhale so much	Someone (9) me
better	Someone tell me
He wipes his hands on anything in reach,	Why, does any of it matter? (I can't take it anymore)
He never feels clean	You've gotta try, the inhale that makes the exhale so much
He shakes at night because his nerve is gone,	better
Every muscle hurts	Why? You've gotta try
Come one and all and see what happened,
