

Fill in the gaps

What has come (1) me	Strong and unafraid
What madness taken hold of my heart	Never a question why
To run away, the only answer	For saving me (16) all they've taken
Pulling me away	Letting my armor fall again
To (2) the night	Giving me the strength to face them
The source of my recovery	Feeling it taking over now
Sweet shadow (4) hold of the light	I'm about to take it away
Another day has (5) devoured	There can be no (17) way of knowing
Calling me away, (6) the question	In a world beyond controlling
Why	Are you (18) to deny the savior
For saving me from all they've taken	In front of your eyes
Letting my armor (7) again	Stare into the night
Giving me the strength to face them	Power (19) containing
Feeling it taking over now	Are you (20) to remain a slave for
On a path to take it all away	The rest of (21) life
There can be no better way of knowing	Give into the night
In a (8) beyond controlling	Give in to the night
Are you (9) to deny the savior	In a world beyond controlling
In front of your eyes	Are you going to deny the savior
Stare into the night	In front of (22) eyes
Power beyond containing	Stare into the night
Are you (10) to remain a slave for	Power (23) containing
The rest of your life	Are you going to remain a slave for
Give into the night	The rest of (24) life
This (11) discovery	Give into the night
Redemption (12) of my mind	Night Night Night
A serenade of haunting voices	Give into the Night
Calling me away	Night Night Night
To feast upon the night	Give into the (25)
So much felicity	Give into the Night
Dark (14) (15) hold of my	
hand	
Lead me away from hibernation
