

## Fill in the gaps

| I'll (1) remember                              | I was changed                               |
|--|---|
| It was late afternoon                          | In (14) no one would find                   |
| It lasted forever                              | All your (15) so deep                       |
| And ended too soon                             | (16) (deep inside)                          |
| You were all by yourself                       | It was (17) that I realized                 |
| Staring up at a (2) (3) sky                    | That (18) was in (19) eyes                  |
| I was changed                                  | The moment I saw you cry                    |
| In places no one would find                    | I wanted to hold you                        |
| All your feelings so deep inside (deep inside) | i (20) to make it go away                   |
| It was (4) (5) I realized                      | I wanted to know you                        |

| It was late in september                       | In places no one (24) find                  |
| And I've (9) you before (and you were)         | In places no one would find                 |
| You were (10) the (11) one                     | All your feelings so (25) (26) (deep        |

| You were all by yourself                       | It was then that I realized                 |
| Staring at a dark (13) sky                     | That forever was in your eyes               |
|  | The moment I saw you cry                    |
