

## Fill in the gaps

Where is the moment when we need it the most	You tell me don't lie
You kick up the leaves and the magic is lost	You work at a smile and you go for a ride
They tell me your blue sky's faded to grey	You had a bad day
They tell me your passion's gone away	The camera don't lie
And I don't need no (1) on	You're (8) back down and you
Stand in the (2) just ahead of the law	(9) don't mind
You're faking a smile with the coffee you go	You had a bad day
You tell me your life's been way off line	You had a bad day
You're falling to (3) every time	Sometimes the system goes on the blink and the whole thing
And I don't need no carrying on	it turns out
Cause you had a bad day	Wrong
You're taking one down	You might not make it back and you know that you could be
You sing a sad song (4) to turn it around	well oh that
You say you don't know	Strong
You tell me don't lie	Well I'm not wrong
You work at a (5) and you go for a ride	So where is the passion when you need it the most
You had a bad day	Oh you and I
The (6) don't lie	You kick up the leaves and the magic is lost
You're coming back down and you really don't mind	Cause you had a bad day
You had a bad day	You're taking one down
You had a bad day	You sing a sad song just to turn it around
Well you need a blue sky holiday	You say you don't know
The point is they (7) at what you say	You tell me don't lie
And I don't need no carrying on	You (10) at a smile and you go for a ride
You had a bad day	You had a bad day
You're taking one down	You've seen what you like
You sing a sad song just to turn it around	And how does it feel for one more time
You say you don't know	You had a bad day
	You had a bad day
	You had a bad day
