

We're in heaven

Fill in the gaps

Oh - thinkin' (1) all our younger years	Oh - once in your (12) you find someone
There was only you and me	Who (13) turn (14) world around
We were (2) and wild and free	Bring you up (15) you're feelin' down
Now nothin' can (3) you away from me	Ya-nothin' could change what you mean to me
We've (4) down (5) (6)	Oh there's lots that I (16) say
before	But (17) (18) me now
But that's over now	Cause our love will (19) the way
You (7) me comin' (8) for more	Chorus
Chorus	I've been waitin' for so long
Baby you're all that I want	For somethin' to arrive
When you're lyin' (9) in my arms	For (20) to come along
I'm findin' it hard to believe	Now our dreams are comin' true
We're in heaven	Through the (21) times and the bad
And love is all that I need	Ya - I'll be standin' (22) by you
And I found it (10) in your heart	
It isn't too (11) to see
