

## Fill in the gaps

| I realized the best part of (1) is the thinnest slice |
|---|
| And it don't (2) for much                             |
| But I'm not letting go                                |
| I believe there's still much to believe in            |
| So lift your eyes if you (3) you can                  |
| Reach for a star and I'll show you a plan             |
| I figured it out                                      |
| What I needed was someone to show me                  |
| You know you can't fool me                            |
| I've (4) loving you too long                          |
| It started so easy                                    |
| You want to carry on                                  |
| Lost in (5) and I don't know much                     |
| Was I thinking aloud and fell out of touch?           |
| But I'm back on my feet                               |
| And eager to be what you wanted                       |
| So lift your eyes if you feel you can                 |
| Reach for a star and I'll show you a plan             |

| You know you can't fool me                            |
| I've been (6) you too long                            |
| It started so easy                                    |

| Lost in love and I don't know much                         |
|--|
| Was I thinking aloud and (7) out of touch?                 |
| But I'm back on my feet                                    |
| And (8) to be what you wanted                              |
| You (9) you can't fool me                                  |
| I've (10) loving you too long                              |
| It started so easy   |
| You want to carry on                                       |
| Lost in love and I don't know much                         |
| Was I thinking aloud and fell out of touch?                |
| But I'm back on my feet                                    |
| Eager to be what you wanted                                |
| Now I'm lost, lost in love, lost in love, lost in love     |
| Now I'm lost, I'm lost in love, lost in love, lost in love |
| Lost in love, lost in love                                 |
| Lost in love, lost in love                                 |
