

When it crumbles (when it crumbles)

Fill in the gaps

This is the end			We will (6) (7)	(we will stand tall)
Hold your breath and count to ten			Face it all together	
Feel the earth move and then			At skyfall	
Hear my heart (1) again			[x2:]	
For this is the end			(Let the sky fall	
l've (2)	and (3)	this	When it crumbles	
moment			We will stand tall)	
So overdue I owe them			Where you go I go	
Swept away, I'm stolen			What you see I see	
Let the sky fall			I know I'd never be me	
When it crumbles			Without the security	
We will stand tall			Of your loving arms	
Face it all together			Keeping me (8) harm	
Let the sky fall			Put your hand in my hand	
When it crumbles			And we'll stand	
We will stand tall			Let the sky fall (let the sky fall)	
Face it all together			When it crumbles (when it crumbles)	
At skyfall			We will (9) tall (we wi	ll stand tall)
That skyfall			Face it all together	
Skyfall is where we start			Let the sky fall (let the sky fall)	
A thousand miles and poles apart			When it crumbles (when it crumbles)	
Where (4)	collide and days are dark		We will stand tall (we will (10)	tall)
You may have my number, you can take my name			Face it all together	
But you'll never have my heart			At skyfall	
Let the sky fall (let the sky fall)			Let the sky fall	
When it (5) (when it crumbles)		We will stand tall		
We will stand tall (we will stand tall)			At skyfall	
Face it all together				
Let the sky fall (let the s	ky fall)
