

When it crumbles (when it crumbles)

Fill in the gaps

This is the end	We will stand tall (we will stand tall)
Hold your breath and count to ten	Face it all together
Feel the earth move and then	At skyfall
Hear my heart burst again	[x2:]
For this is the end	(Let the sky fall
I've drowned and dreamt this moment	When it crumbles
So overdue I owe them	We will stand tall)
Swept away, I'm stolen	Where you go I go
Let the sky fall	What you see I see
When it crumbles	I know I'd never be me
We will (1) tall	Without the security
Face it all together	Of your loving arms
Let the sky fall	Keeping me (5) harm
When it crumbles	Put (6) hand in my hand
We (2) (3) tall	And we'll stand
Face it all together	Let the sky fall (let the sky fall)
At skyfall	When it (7) (when it crumbles)
That skyfall	We will stand tall (we will stand tall)
Skyfall is where we start	Face it all together
A thousand miles and poles apart	Let the sky fall (let the sky fall)
Where worlds collide and days are dark	When it crumbles (when it crumbles)
You may (4) my number, you can take my name	We will stand tall (we will stand tall)
But you'll never have my heart	Face it all together
Let the sky fall (let the sky fall)	At skyfall
When it crumbles (when it crumbles)	Let the sky fall
We will stand tall (we will stand tall)	We (8) stand tall
Face it all together	At skyfall
Let the sky fall (let the sky fall)
