

## Fill in the gaps

| So fake that you                            | To all you                                 |
|---|--|
| You (1) it                                  | Who (11) to                                |
| A (2) that (3) so jaded                     | You want to it just ain't worth it         |
| I can't                                     | To all you                                 |
| I can't end up like that                    | Who need to                                |
| It's all about what you drive               | You need to know                           |
| Who you know                                | I don't give a fuck that you can't (12) me |
| In a second it'll swallow you whole         | I've finally had enough of (13) you say    |
| And so fast                                 | Now you're talking tough (14) you          |
| Just like that                              | (15) me                                    |
| You're way off track                        | You're my derailment                       |
| To all you                                  | It's funny how you lie and try to wreck me |
| Who (4) to                                  | It's (16) how you're falling on your face  |
| You (5) to it just ain't worth it           | I'm never going to let you (17) me         |
| To all you                                  | You're my derailment                       |
| Who need to                                 | The (18) is off the tracks                 |
| You need to know                            | I'm not looking back                       |
| I don't give a fuck that you can't stand me | I don't (19) a fuck (20) you can't stand   |
| I've finally had enough of (6) you say      | me   |
| Now you're (7) tough cause you              | I've finally had enough of (21) you say    |
| backstabbed me                              | Now you're talking (22) cause you          |
| You're my derailment                        | (23) me                                    |
| So sick and so shameless                    | You're my derailment                       |
| I swore I'd (8) start by saying             | It's (24) how you lie and try to (25)      |
| Do you know                                 | me   |
| You (9) who I am                            | It's (26) how you're falling on your face  |
| It's not about what you drive               | I'm (27) going to let you disrespect me    |
| Who you know                                | You're my derailment                       |
| Cause when it's gone                        | Where do we go (28) here                   |
| You'll be (10) alone                        | With everything so unclear                 |
| And so fast                                 | Turned out to be by far my longest year    |
| Just like that                              | It's too late to (29) back time            |
| You can't go back                           | I'll (30) make it out alive                |
|   | End of the day I see through all your lies |
|   |  |
