

## Fill in the gaps

### The Big Bang Theory by Barenaked Ladies

Our whole universe was in a hot dense state,  
Then (1)\_\_\_\_\_ fourteen billion (2)\_\_\_\_\_ ago  
expansion started. Wait...  
The Earth began to cool,  
The autotrophs began to drool,  
Neanderthals developed tools,  
We built a wall (we built the pyramids),  
Math, science, history, unraveling the mysteries,  
That all started with the big bang!  
"Since the dawn of man" is really not (3)\_\_\_\_\_ long,  
As every galaxy was formed in less time than it takes to sing  
this song.  
A fraction of a second and the elements were made.  
The bipeds stood up straight,  
The dinosaurs all met (4)\_\_\_\_\_ fate,  
They tried to leap but they were late  
And (5)\_\_\_\_\_ all died (they froze their asses off)  
The oceans and pangea

See ya wouldn't (6)\_\_\_\_\_ be ya  
Set in motion by the same big bang!  
It all started with the big BANG!  
It's expanding ever outward but one day  
It will pause then start to go the other way,  
Collapsing ever inward, we won't be here, it won't be hurt  
Our best and brightest (7)\_\_\_\_\_ that it'll make an  
(8)\_\_\_\_\_ bigger bang!  
Australopithecus would (9)\_\_\_\_\_ have been sick of  
us  
Debating why we're here they're catching deer (we're catching  
viruses)  
Religion or astronomy, Encarta, Deuteronomy  
It all started with the big bang!  
Music and mythology, Einstein and astrology  
It all started (10)\_\_\_\_\_ the big bang!  
It all started with the big BANG!

Answer

1. nearly
2. years
3. that
4. their
5. they
6. wanna
7. figure
8. even
9. really
10. with
