

## Fill in the gaps

### The Big Bang Theory by Barenaked Ladies

Our whole (1)\_\_\_\_\_ was in a hot dense state,  
Then (2)\_\_\_\_\_ fourteen billion (3)\_\_\_\_\_ ago  
expansion started. Wait...  
The Earth began to cool,  
The autotrophs began to drool,  
Neanderthals developed tools,  
We built a wall (we built the pyramids),  
Math, science, history, unraveling the mysteries,  
That all started with the big bang!  
"Since the dawn of man" is really not that long,  
As every galaxy was formed in less time than it takes to sing  
this song.  
A fraction of a second and the elements were made.  
The bipeds stood up straight,  
The dinosaurs all met their fate,  
They tried to leap but (4)\_\_\_\_\_ were late  
And they all died (they (5)\_\_\_\_\_ their asses off)  
The oceans and pangea

See ya wouldn't wanna be ya  
Set in motion by the same big bang!  
It all started with the big BANG!  
It's expanding ever outward but one day  
It will pause (6)\_\_\_\_\_ start to go the other way,  
Collapsing ever inward, we won't be here, it won't be hurt  
Our best and brightest figure that it'll (7)\_\_\_\_\_ an  
(8)\_\_\_\_\_ bigger bang!  
Australopithecus would really have been sick of us  
Debating why were here they're catching deer (we're catching  
viruses)  
Religion or astronomy, Encarta, Deuteronomy  
It all started with the big bang!  
Music and mythology, Einstein and astrology  
It all started with the big bang!  
It all started (9)\_\_\_\_\_ the big BANG!

## Fill in the gaps

### Answer

1. universe
2. nearly
3. years
4. they
5. froze
6. then
7. make
8. even
9. with
