## Kiss Me Slowly by Parachute

The moon above you and the streets below

## Fill in the gaps

Stay with me, baby stay with me	Hold my breath as you're moving in
Tonight don't leave me alone	Taste your lips and feel your skin
Walk (1) me, come and walk with me	When the time comes
To the edge of all we've (2) known	Baby don't run, just kiss me slowly
can see you there with the city lights	Don't run away
Fourteenth floor, pale blue eyes	And it's hard to love again
can breathe you in	When the only way it's been
Two shadows standing by the bedroom door	When the only love you know
No, I could not (3) you more than I did right then	Just (5) away
As our heads leaned in	If it's something that you want
Well, I'm not sure what this is gonna be	Darling you don't have to run
But with my eyes closed all I see	You don't have to go
s the skyline, through the window	Just stay with me, baby stay with me
The moon above you and the streets below	Well, I'm not sure what this is gonna be
Hold my breath as you're moving in	But with my eyes (6) all I see
Taste your lips and feel your skin	Is the skyline, (7) the window
When the time comes	The moon above you and the streets below
Baby don't run, just kiss me slowly	Hold my breath as you're moving in
Stay with me, baby stay with me	Taste your lips and feel your skin
Tonight don't leave me alone	When the time comes
She shows me everything she (4) to know	Baby don't run, just kiss me slowly
Picture frames and country roads	I'm not sure where this is gonna go
When the days were long and the world was small	But in this moment all I know
She stood by as it fell apart	Is the skyline, through the window
Separate rooms and broken hearts	The moon above you and the streets below
But I won't be the one to let you go	Hold my (8) as you're moving in
(Oh oh)	Taste your lips and (9) (10) skin
'm not sure what this is gonna be	When the time comes, baby don't run
But with my eyes closed all I see	Just kiss me slowly
s the skyline, through the window
