

Wrapped up in lies

Like sheets of another one night stand

Fill in the gaps

The Party Scene (Live) by All Time Low

	You know you left the girl with nothing
Hey, kid, you've got	But the sunrise through the window pane
A lot of potential but I (1) it's (2) to	Where tired (6) will close
move up	Stay seventeen
So go on and blow us away with your sound	The party scene has got the best of me and you
Now you're everything that we've (3) to love	We've got to let (7) go
You taught us to move, now we'll (4) it off	I know she hopes I choke on this last drink
Just drop us the (5) (c'mon)	Drop dead before my influence gets to her head
Here's to the fast times	She said
The times we felt alive	I'll love you forever or find something better
To all the nights that we forgot to get back home	It's all (8) the same as when we sleep together
Stay seventeen	We wake up with headaches and trouble remembering
The party scene has got the best of me and you	What went wrong
We've got to let this go	Stay seventeen
Drink up last call before the sunrise sets the scene	The party scene has got the best of me and
Of empty bottles, heavy hearts	You, we've got to let (9) go
The memories of broken dreams	
We were so tired yet so alive
