

Somebody said every day

Was going to be sunny skies

'Cause things just went left

But here we go
Back down that road

Fill in the gaps

That's just the way that it goes

'Cause we made it this far on for better or worse

Only Marvin Gaye and lingerie	I wanna feel it even if it hurts
I guess somebody lied	If I gotta cry
Started discussing then to fighting	To get to the other side
Then don't touch me please	As long as you're there I'll survive
Then it's let's stop the madness	We stay
Just come lay with me	On the front lines
And truth be told	Yeah, but we're (4) here
I'm waving my flag	After the bomb drops
Before it goes bad (yeah, yeah)	We go so hard
Cause we made it this far on for (1) or worse	We lose control
I wanna feel it even if it hurts	The fire starts
If I gotta cry	Then we explode
To get to the other side	When the smoke clears
Let's go 'cause we're going to survive	We dry our tears
We stay	Only in love and war
On the front lines	As long as we make up after every fight
Yeah, but we're still here	When it's over
After the bomb drops	You know I'm coming home
We go so hard	Right there where I belong
We lose control	I'm taking all this over
The (2) starts	And we stay
Then we explode	On the (5) lines (on the (6) lines)
When the smoke clears	Yeah, but we're still here
We dry our tears	After the bomb drops
Only in love and war	We go so hard (we go so hard)
Sometimes you're my general	We lose (7) (we (8) control)
You quarterback all these plays	The fires starts (the fire starts)
Sometimes you're my enemy	Then we explode (baby)
And I'm throwing grenades	When the smoke clears
We'll just be chilling and laughing	We dry our tears
I'm laying on your chest	Only in love and war
Don't know (3) I did	Only in love and war
