

Fill in the gaps

Friends Will Be Friends (Live) by Queen

Another red letter day	Friends (10) be friends
So the pound has dropped	When you're through with life and all hope is lost
And the children are creating	Hold out your hands 'cos (11)
The other half ran away	(12) be friends
Taking all the cash	Right (13) the end
And (1) you with the lumber	It's so easy now
Got a pain in the chest	'Cause you got (14) you can trust
Doctor's on strike what you need is a rest	Friends will be friends
It's not easy love	When you're in need of love
But you've got (2) you can trust	They (15) you (16) and attention
Friends will be friends	Friends (17) be friends
When you're in need of love	When you're (18) with (19) and
They give you care and attention	all hope is lost
Friends will be friends	Hold out (20) hands
When you're through with life and all hope is lost	Friends will be friends
Hold out (3) hands 'cos (4)	Right (21) the end
(5) be friends	Friends will be friends
Right (6) the end	When you're in need of love
Now it's a beautiful day	They give you care and attention
The postman delivered a (7) from your lover	Friends will be friends
Only a phone call away	When you're through with life and all (22) is lost
You tried to track him down	Hold out your hands
But (8) stole his number	'Cause right till the end
As a matter of fact	Friends will be friends
You're getting (9) to life	Friends will be friends
Without him in your way	Friends will be friends
It's so easy now	(When you're through with (23) and all
'Cause you got friends you can trust	(24) is lost)
Friends will be friends	(Hold out (25) hands 'cos (26)
When you're in need of love	will be friends)
They give you care and attention	(Right till the end)
