

If a lion

Fill in the gaps

Excuse me for a while	A lion
While I'm wide eyed	Roars, (4) you not listen
And I'm so damn caught in the middle	If a child
I've excused you for a while	A child
While I'm wide eyed	Cries, (5) you not give them
And I'm so (1) caught in the middle	Yeah, I (6) seem so strong
And a lion	Yeah, I might speak so long
A lion	I've never been so wrong
Roars, would you not listen	Yeah, I might (7) so strong
If a child	Yeah, I might speak so long
A child	I've never been so wrong
Cries, would you not give them	Excuse me for a while
Yeah, I might seem so strong	While I'm wide eyed
Yeah, I might speak so long	And I'm so damn caught in the middle (middle)
I've never been so wrong	Have you wondered for a while
And I might seem so strong	I have a feeling deep down
Yeah, I might speak so long	You're caught in the middle (in the middle)
I've never been so wrong	Yeah, I might seem so strong
Excuse me for a while	I might speak so long
Turn a blind eye	I've never been so wrong
With a stare caught right in the middle	And I might seem so strong
Have you wondered for a while	Yeah, I (8) (9) so long
I have a (2) (3) down	I've never been so wrong
