Cosmic Love by Florence + The Machine

A falling star	No dawn, no day
Fell from your heart	I'm always in (12) twilight
And landed in my eyes	In the shadow of (13) heart
I (1) aloud	
As it tore (2) them	I (14) the stars from our eyes
And now it's left me blind	And then I (15) a map
The stars, the moon	And knew (16) somehow
They (3) all been (4) out	I (17) find my way back
You left me in the dark	Then I (18) your (19) beating
No dawn, no day	You (20) in the (21) too
I'm (5) in this twilight	So I stayed in the (22) with you
In the shadow of (6) heart	The stars, the moon
And in the dark	They have all been blown out
I can (7) your heartbeat	You left me in the dark
I (8) to (9) the sound	No dawn, no day
But then it stopped	I'm always in (23) twilight
And I was in the darkness	In the shadow of (24) heart
So darkness I became	
The stars, the moon	
They have all (10) blown out	
You (11) me in the dark
