You left me in the dark

Fill in the gaps

Cosmic Love by Florence + The Machine

A failing star	No dawn, no day
Fell from your heart	I'm always in this twilight
And (1) in my eyes	In the shadow of your heart
I screamed aloud	
As it tore through them	I (8) the stars from our eyes
And now it's (2) me blind	And then I made a map
The stars, the moon	And (9) that somehow
They have all been blown out	I could find my way back
You left me in the dark	Then I heard your heart beating
No dawn, no day	You were in the darkness too
I'm always in (3) twilight	So I stayed in the darkness with you
In the shadow of your heart	The stars, the moon
And in the dark	They have all (10) blown out
I can hear your heartbeat	You left me in the dark
I (4) to find the sound	No dawn, no day
But (5) it stopped	I'm always in this twilight
And I was in the darkness	In the shadow of your heart
So (6) I became	
The stars, the moon	
They have all been (7) out
