

I can feel a flatline

## Flatline by Mutya Keisha Siobhan

| Don't say it, no                               | That ought to be a wave (a wave)                  |
|--|---|
| Please, wait till we're sober                  | Oh, no  |
| Don't play a sad song                          | Darling I can't hang on                           |
| Put your guitar back down                      | I can feel a flatline                             |
| The change was obvious                         | That ought to be a wave                           |
| So miscellaneous                               | (Oh, baby) I'm running every red light            |
| We used to live it up                          | (Oh, Jimmy) Holding on to me too tight            |
| Remember baby                                  | Evidently   |
| But like a pack of cards                       | We're never gonna (8) it home                     |
| The (1) and (2) of hearts                      | (Oh oh oh)  |
| All fall down                                  | (Oh oh oh)  |
| Stay gone                                      | (Oh oh oh)  |
| Darling I won't (3) on                         | (Oh oh oh, oh oh oh)                              |
| I can feel a flatline                          | (Oh oh oh)  |
| That ought to be a wave (a wave)               | (Oh oh oh)  |
| Oh, no   | (Oh oh oh)  |
| Darling I can't hang on                        | (Oh oh oh, oh oh oh)                              |
| I can (4) a flatline                           | (Oh oh oh)  |
| That (5) to be a wave                          | (Oh oh oh)  |
| (Oh oh oh oh)                                  | (Oh oh oh)  |
| (Oh oh oh)                                     | (Oh oh oh, oh oh oh)                              |
| (Oh oh oh oh)                                  | Don't wanna be in love                            |
| (Oh oh oh, oh oh oh)                           | (Oh oh oh)  |
| I know what I face                             | (Oh oh oh, oh oh oh)                              |
| The silence is deafening                       | Oh, no  |
| I know crying through pain won't make it right | Darling I can't hang on                           |
| Right, yeah                                    | I can feel a flatline                             |
| The change was obvious                         | That ought to be a wave                           |
| So miscellaneous                               | Stay gone   |
| We used to live it up                          | Darling I won't (9) on                            |
| Remember baby                                  | I can feel a flatline                             |
| But like a pack of cards                       | That ought to be a (10) (that ought to be a wave) |
| The (6) and (7) of hearts                      | (Hang on)   |
| All fall down                                  | (That ought to be)                                |
| Stay gone                                      |   |
| Darling I won't hang on                        |   |
