The Mother We Share by CHVRCHES

Never took your side	As old as your omens
Never cursed your name	And the mother we share
I keep my lips shut tight	Will never (8) your proud head from falling
Until you go	The way is long
We've come as far	But you can make it easy on me
As we're ever gonna get	And the mother we share
Until you realize	Will never keep our cold hearts from calling
That you should go	Into the night for once
I'm in misery where you can seem	We're the only ones left
As old as your omens	I bet you even know
And the mother we share	Where we could go
Will never keep your proud head (1) falling	And when it all ***** up
The way is long	You put your head in my hands
But you can make it easy on me	It's a souvenir
And the mother we share	For (9) you go
Will (2) keep our cold hearts (3)	I'm in misery where you can seem
calling	As old as your omens
In the dead of night	And the mother we share
I'm the (4) one here	Will never keep your proud head from falling
And I will cover you	The way is long
Until you go	But you can make it easy on me
'Cause if I (5) the truth	And the mother we share
