

Who's to say we won't survive it too

## Fill in the gaps

Fight the fight alone	On broken (12) I'm falling
When the world is full of victims	And it won't be long
Dims a (1) in our souls	The (13) on me is burning
Leave the (3) alone	By the (14) of the sun
How we all are (4) changing	On (15) knees I'm bleeding
Dims a fading light in our souls	And it won't be long
In my opinion seeing is to know	I've got to find that meaning
The (5) we hold are always (6)	And I'll search for so long
to go	Set a-free all
And who's to say we won't end up alone	Relying on their will
On broken wings I'm falling	To (16) me all that I am
And it won't be long	And all (17) I'll be
The skin on me is burning	Set a-free all
By the fires of the sun	Will fall between the cracks
On skinned knees I'm bleeding	With memories of all (18) I am
And it won't be long	And all (19) I'll be
I've got to (7) that meaning	On broken wings I'm falling
And I'll (8) for so long	And it won't be long
Cry (9) to sleep	The (20) on me is burning
We (10) sleep alone forever	By the fires of the sun
Will you lay me down	On skinned knees I'm bleeding
In the same place with all I love	And it won't be long
Mend the broken homes	I've got to find (21) meaning
Care for them they are our brothers	And I'll search for so long
Save the fading light in our souls	
In my opinion seeing is to know	
What you (11) will always carry you
