

Not much has changed but they lived under water

Fill in the gaps

One day	And your great, great granddaughter
When I came home	Is doing fine
At lunchtime	Doing fine
heard a funny noise	I took a trip to the year 3000
Whet out	This song had gone multi platinum
To the backyard	Everybody bought our seventh album
To (1) out	It had outsold Kelly Clarkson
f it was one of those rowdy boys	I took a trip to the year 3000
Stood there	This (5) had gone multi platinum
Nith my neighbor	Everybody bought our seventh album
Called Peter	He told me he built a time machine
And a flux capacitor	Like the one in the film I've seen
He told me he built a time machine	Yeah
Like the one in the film I've seen	I've (6) to the year three thousand
Yeah	Not much has changed but they (7) under water
He said	And your great, great granddaughter
've (2) to the year three thousand	Is doing fine
Not much has (3) but they lived under	Doing fine
water	
And your great, great granddaughter	He said
s doing fine	I've been to the year three thousand
Doing fine	Not much has changed but they lived under water
He took me	And your great, great granddaughter
To the future	Is doing fine (is doing fine, is doing fine)
n the flux thing	He said
And I saw everything	I've been to the year three thousand
Boybands	Not much has changed but they lived under water
And another one	And your great, great granddaughter
And another one	Is (8) fine
And another one	Doing fine
Girls there	He said
Nith round hair	I've been to the year three thousand
Like star wars	Not much has changed but (9) lived under water
Float above the floor	And your great (10) great granddaughter
We drove around in a time machine	Is doing fine
Like the one in the (4) I've seen	Doing fine
Yeah	(Ha)
(Oh)	
He said	
've been to the year three thousand
