

Not much has changed but they lived under water

Fill in the gaps

One day	And your great, great granddaughter
When I came home	Is doing fine
At lunchtime	Doing fine
I heard a funny noise	I took a trip to the year 3000
Whet out	This song had gone multi platinum
To the backyard	Everybody bought our seventh album
To find out	It had (3) Kelly Clarkson
If it was one of those rowdy boys	I took a trip to the year 3000
Stood there	This song had gone multi platinum
With my neighbor	Everybody bought our (4) album
Called Peter	He told me he built a time machine
And a flux capacitor	Like the one in the film I've seen
He told me he built a time machine	Yeah
Like the one in the film I've seen	I've been to the year three thousand
Yeah	Not much has changed but they lived under water
He said	And your great, great granddaughter
I've (1) to the year three thousand	Is doing fine
Not much has changed but they lived under water	Doing fine
And your great, great granddaughter	
Is doing fine	He said
Doing fine	I've been to the year three thousand
He took me	Not much has changed but they lived under water
To the future	And your great, great granddaughter
In the flux thing	Is doing fine (is doing fine, is doing fine)
And I saw everything	He said
Boybands	I've been to the (5) three thousand
And another one	Not much has changed but they (6) under water
And another one	And your great, great, (7) granddaughter
And another one	Is doing fine
Girls there	Doing fine
With round hair	He said
Like star wars	I've been to the year three thousand
Float above the floor	Not much has changed but they (8)
We drove around in a time machine	(9) water
Like the one in the (2) I've seen	And your (10) great great granddaughter
Yeah	Is doing fine
(Oh)	Doing fine
He said	(Ha)
I've been to the year three thousand
