

Fill in the gaps

I see

I've been roaming around	Waging wars to shape the poet and the beat
Always looking down at all I see	I hope it's (4) make you notice
Painted faces, fill the places I can't reach	I hope it's (5) make you notice
You know that I (1) use somebody	Someone like me
You know that I could use somebody	Someone like me
Someone like you, And all you	Someone like me, somebody
know, And how you speak	Someone like you, use somebody
Countless lovers under cover of the street	Someone (6) you, use somebody
You (2) that I could use somebody	Someone like you, use somebody
You know (3) I could use somebody	I've (7) roaming around,
Someone like you	Always (8) (9) at all
Off in the night, while you live	
it up, I'm off to sleep
