

## Fill in the gaps

Check it out	But I'm lying to myself
It feels kind crazy	'Cause I know I don't (4) nobody else
These covers	'Cause these lips are missing you (missing you)
May keep me warm at night	'Cause these lips ain't (5) you (kissing you)
But they cant take your place	These eyes put up a fight
Cause they never gonna hold me tight	But once again (6) tears always win
And these pillows	These arms are wanting you (wanting you)
May let me rest my head	'Cause these arms ain't (7) you (holding
But they (1) say good night	you)
And tuck me in before I go to bed	These eyes put up a fight
Say now baby girl you're better off	But once again these tears always win
That's what I'm telling myself	Tell me when the hell this
	Loneliness is gonna be over
But I'm lying to myself	(Gonna be over)
'Cause I know I don't want nobody else	When everything in this room reminds me of you
These lips are missing you	(You)
'Cause these lips ain't kissing you	Everytime I think, I'm getting closer
These eyes put up a fight	'Cause tears drown me out, once again I lose
But once (2) these tears always win	'Cause these lips are missing you (missing you)
These arms are wanting you	'Cause these lips ain't kissing you (kissing you)
'Cause these arms ain't holding you	I put up a fight
These eyes put up a fight	But once again these tears always win
But once again these tears always win	Crying like
These candles	(Oh oh oh oh)
Light up my room at night	These eyes put up a fight
But they can't lid the room the way you did	But once again these tears always win
When you walked inside	Crying like
Oh baby	(Oh oh oh oh)
If these walls could sing	These eyes put up a fight
About everything they've witnessed	But once again these tears (8) win
Oh it'd be a sad sad song	These eyes put up a fight
And it'll probably sound (3) like this	But once again
I say now baby girl you're better off	These tears (9) win
That's what I'm telling myself
