You know I'd forgive you (1) single time	Your face in my (17) is everything good I need
Retreat, retreat	Bones, starved of flesh
I've fallen at the low tide	Surround your aching heart
(Oh) retreat, retreat	Full of love
And meet me by the quayside	(Oh) bones, starved of flesh
In the end all you can hope for	Surround your aching heart
Is the love you felt to (2) the (3)	Full of love
you've gone through	Bones, starved of flesh
Are your eyes (4) off for mine	Surround (18) aching heart
Your face in my hands is everything (5) I need	Bones
The system's put in place, put (6) to protect us	(Oh) bones
For you I'd (7) a (8)	I (19) as your eyes show off for mine

(Oh) Retreat, retreat	I watch as your eyes show off

And meet me by the quayside	
In the end all you can (11) for	
ls the (12) you (13) to equal the
