It started with a low light	'Cause it wasn't televised
Next thing I knew they ripped me from my bed	But it was a turning point
And then they took my blood type	Oh what a lonely night
They (1) a strange impression in my head	The star maker says it ain't so bad
You know (2) I was hoping	The dream maker's gonna make you mad
That I could leave this star-crossed world behind	The spaceman says everybody look down
But when they cut me open	It's all in your mind
I guess I changed my mind	The star maker says it ain't so bad
And you know I might	The dream maker's gonna make you mad
Have just flown too far from the floor this time	The spaceman says everybody (8) down
'Cause they calling me by my name	Its all in your mind
And the zipping white light beams	My global position systems are vocally addressed
Disregarding bombs and satellites	They say the Nile used to run from east to west
That was the turning point	They say the Nile used to run from (9) to west
That was one lonely night	I'm fine
The star maker says it ain't so bad	But I hear those voices at night
The dream maker's gonna make you mad	Sometimes
The spaceman says everybody look down	The star maker says it ain't so bad
Its all in your mind	The dream maker's gonna make you mad
Well now I'm back at home and	The spaceman says everybody look down
I'm looking forward to (3) life I live	Its all in your mind
You know it's gonna haunt me	The (10) maker says It ain't so bad
So hesitation to this life I give	The dream maker's gonna make you mad
You (4) you might cross over	The spaceman says everybody look down
You caught between the devil and the deep blue sea	It's all in your mind
You better look it over	It's all in my mind
Before you make (5) leap	It's all in my mind
And you know I'm fine but I hear those (6) at	
night	
Sometimes they justify my claim	
And the (7) don't dwell on my transmission
