

Fill in the gaps

I hursday night, everything's fine		And I (5) that I should let go, but I can't
Except you've got that look in (1) eye		And every time we fight I know it's not right
When I'm (2)	a story, and you find it boring	Every time that you're upset and I smile
You're thinking of something to say		I know I should forget, but I can't
You'll go along with it, then drop it		Your face is pastey
And humiliate me in front of our friends		'Cause you've gone and got so wasted
Then I'll use that voice that you find annoying		What a surprise
And say something like,		Don't want to (6) at your face, 'cause it's making
"Yeah, intelligent input, darling.		me sick
Why don't you just have another beer then?"		You've gone and got sick on my trainers
Then you'll call me a bitch		I only got these yesterday
And everyone we're with will be embarrassed		Oh my gosh, I cannot be bothered with this
And I won't give a shit		Well, I'll leave you there 'till the morning
My fingertips are holding onto		And I (7) won't turn the heating on
The cracks in our foundation		And dear God, I hope I'm not stuck with this one
And I know that I should let go, but I can't		My fingertips are holding onto
And every (3) we fight I know it's not right		The cracks in our foundation
Every time that you're upset and I smile		And I know that I should let go, but I can't
I know I should forget, but I can't		And every time we fight I know it's not right
You said I must eat so (4) lemons		Every time that you're upset and I smile
'Cause I am so bitter		I know I (8) forget, but I can't
I said, "I'd rather be with your friends, mate,		And every (9) we fight I know it's not right
'Cause they are much fitter."		Every (10) that you're upset and I smile
Yes, it was childish		I know I should forget, but I can't
And you got aggressive		And every time we fight I know it's not right
And I must admit that I was a bit scared		Every time that you're upset and I smile
But it gives me thrills to wind you up		I know I should forget, but I can't
My fingertips are holding	onto
