

Fill in the gaps

Sleeping In The Fire by Wasp

Touch, touch in the flame's desires

Feeling the pain's denial,

And your fingers in the fire

Look, look in the candle light

See in the flame of life

And my spell is our lie

[Chorus:]

Taste the love

The Lucifer's magic that makes you numb

The passion and all the (1)_____ are one

You're sleeping in the fire

Taste the love

The Lucifer's magic that makes you numb

You (2)_____ (3)_____ it does and you're drunk on love

You're (4)_____ in the fire

I gaze at the flame and (5)_____ burn

And cry out the (6)_____ of which I yearn

Taste the love

The Lucifer's magic that makes you numb

The (7)_____ and all the (8)_____ are one

You're (9)_____ in the fire
