

Fill in the gaps

Touch, touch in the flame's desires
Feeling the pain's denial,
And (1) in the fire
Look, look in the candle light
See in the (3) of life
And my spell is our lie
[Chorus:]
Taste the love
The Lucifer's magic (4) you numb
The (6) and all the (7) are one
You're (8) in the fire
Taste the love
The Lucifer's (9) that makes you numb
You (10) it does and you're (12) on love
You're (13) in the fire
I gaze at the (14) and (15) burn
And cry out the (16) of (17) I yearn
[Chorus]
Taste the love
The Lucifer's (18) that (19) you numb
The (20) and all the (21) are one
You're sleeping in the (22)
