Feeling the pain's denial,
And your (1) in the fire
Look, (2) in the (3) light
See in the flame of life
And my (4) is our lie

Taste the love
The Lucifer's magic that makes you numb
The (5) and all the (6) are one
You're (7) in the fire
Taste the love
The Lucifer's magic that makes you numb
You feel what it does and you're drunk on love
You're sleeping in the fire
I gaze at the flame and fire burn
And cry out the name of which I yearn
[Chorus]
Taste the love
The Lucifer's magic that (8) you numb
The passion and all the pain are one
You're sleeping in the (9)
