

## Fill in the gaps

Please understand	I'm (4) with the need to
This isn't just goodbye	Curse my enemies forever
This is I can't stand you	Let's (5) our wrists and burn down something
This is where the road crashed into the ocean	beautiful
It rises all around me	This desperation leaves me overjoyed
And now we're barely breathing	With (6) lights that lead us past the lives that
A thousand faces we'll choose to ignore	we destroy
Curse my enemies forever	Curse my enemies forever
Let's slit our wrists and burn down (1)	Let's slit our wrists and burn (7)
beautiful	(8) beautiful
This (2) leaves me overjoyed	This desperation is (9) me overjoyed
With fading lights that lead us past the lives that we destroy	With fading lights that lead us past the lives that we destroy
I listen to you cry	Please understand
A cry for (3) attention	Lay rotting where I fall
But both my hands are tied	I'm dead from bad intentions
And I'm pushed into the deep end	Suffocated and embalmed
I listen to you talk but talk is cheap	And now all our (10) are cashed in
And my mouth is filled with blood	You swore you wouldn't lose then lost your brain
From trying not to speak	You make a sound that feels like pain
So search for an excuse	So please understand
And someone to believe you	This isn't just goodbye
In foreign dressing rooms	This is I can't stand you
