

## Fill in the gaps

Please understand	i in empty with the need to
This isn't just goodbye	Curse my enemies forever
This is I can't (1) you	Let's slit our wrists and burn down something beautiful
This is where the road crashed (2) the ocean	This desperation leaves me overjoyed
It rises all around me	With fading (6) that lead us (7) the
And now we're barely breathing	lives that we destroy
A thousand faces we'll choose to ignore	Curse my enemies forever
Curse my (3) forever	Let's slit our wrists and burn down something beautiful
Let's slit our wrists and burn (4) something	This desperation is leaving me overjoyed
beautiful	With fading lights that lead us past the lives that we destroy
This desperation leaves me overjoyed	Please understand
With fading lights that lead us past the lives that we destroy	Lay rotting (8) I fall
l listen to you cry	I'm dead from bad intentions
A cry for less attention	Suffocated and embalmed
But both my hands are tied	And now all our dreams are cashed in
And I'm pushed into the deep end	You (9) you wouldn't lose then lost your brain
l listen to you talk but talk is cheap	You make a sound that feels like pain
And my mouth is filled with blood	So please understand
From trying not to speak	This isn't just goodbye
So search for an excuse	This is I can't (10) you
And (5) to believe you
