

## Fill in the gaps

t starts with	Acting like I was part of your property
One thing	Remembering all the times you fought (7) m
don't know why	I'm surprised it got so far
t doesn't even matter how hard you try	Things aren't the way they were before
Keep that in mind	You wouldn't even recognize me anymore
designed this rhyme	Not that you knew me back then
To explain in due time	But it all comes back to me
All I know	In the end
Fime is a valuable thing	You kept everything inside and even though I tried
Natch it fly by as the pendulum swings	It all fell apart
Natch it count down to the end of the day	What it meant to me
The clock (1) life away	Will eventually
t's so unreal	Be a memory
Didn't look out below	Of a time when I tried so hard
Vatch the time go right out the window	And got so far
Frying to hold on	But in the end
But (2) even know	It doesn't even matter
Vasted it all just to	I had to fall
Vatch you go	To lose it all
kept everything inside and even though I tried	But in the end
t all (3) apart	It (8) even matter
What it meant to me	I've put my trust in you
Vill eventually	Pushed as far as I can go
Be a memory	For all this
Of a time (4) I tried so hard	There's only one thing you should know
And got so far	I've put my trust in you
But in the end	Pushed as far as I can go
t doesn't even matter	For all this
had to fall	There's only one thing you should know
To lose it all	I tried so hard
But in the end	And got so far
t doesn't even matter	But in the end
One thing	It doesn't (9) matter
don't know why	I had to fall
t doesn't even matter how hard you try	To (10) it all
Keep (5) in mind	But in the end
designed this rhyme	It doesn't even matter
To remind myself how	
tried so hard	
n spite of the way you were (6) me
