

All my islands have sunk

## Fill in the gaps

opened my eyes last night	In the deep
And saw you in the low light	And I can hardly
Valking down by the bay	Relax or (4) oversleep
On the shore	When I feel warm with (5) hand
Staring up at the stars	In mine
That aren't there anymore	When we walk along the shoreline
was feeling the night	I guess we'll never know
Grow old	Why sparrows love the snow
And you were (1) so cold	We'll turn out all of the lights
So like an introvert	And set this ballroom aglow
drew my over shirt	So tell me darling
Around my arms	Do you wish we'd fall in love?
And began to shiver violently before	(Yeah) All the time
ou happened to look	All the time
And see	Time together isn't ever quite enough
The tunnels all around me	When you and I are alone
Running into the dark	I've never felt so at home
Inderground	What will it take to make or break (6)(7)
All the subways around	of love?
Create a great sound	Only time
To my motion fatigue	Only time
Farewell	When we're apart (8) ever
Nith (2) ear to a seashell	Are you thinking of?
ou can hear the waves	If (9) is what I call home
n underwater caves	Why does it feel so alone?
As if you actually	So tell me darling
Vere inside a saltwater room	Do you wish we'd fall in love?
Fime together isn't ever quite enough	All the time
When you and I are alone	All the time
ve never felt so at home	Time together isn't ever (10) enough
What will it (3) to make or	When we're apart what ever
Break this hint of love?	Are you thinking of?
Only time	What will it take to make or break this hint of love?
Only time	So tell me darling
Can you believe that the crew	Do you wish we'd fall in love
Has gone	All the time
And wouldn't let me sign on	(Oh) All the time
