

Fill in the gaps

I opened my eyes last night	In the deep
And saw you in the low light	And I can hardly
Walking down by the bay	Relax or (10) oversleep
On the shore	When I feel (11) (12) your hand
Staring up at the stars	In mine
That aren't there anymore	When we (13) along the shoreline
I was feeling the night	I guess we'll never know
Grow old	Why (14) love the snow
And you were (1) so cold	We'll (15) out all of the lights
So like an introvert	And set (16) ballroom aglow
I drew my over shirt	So tell me darling
Around my arms	Do you wish we'd fall in love?
And (2) to shiver violently before	(Yeah) All the time
You happened to look	All the time
And see	Time (17) isn't ever quite enough
The tunnels all around me	When you and I are alone
Running into the dark	I've never felt so at home
Underground	What will it (18) to make or break (19)
All the subways around	hint of love?
Create a (3) sound	Only time
To my motion fatigue	Only time
Farewell	When we're (20) what ever
With your ear to a seashell	Are you thinking of?
You can hear the waves	If this is (21) I call home
In underwater caves	Why does it feel so alone?
As if you actually	So tell me darling
Were (4) a (5) room	Do you wish we'd fall in love?
Time together isn't ever (6) enough	All the time
When you and I are alone	All the time
I've (7) felt so at home	Time together isn't ever quite enough
What will it take to make or	When we're apart what ever
Break this (8) of love?	Are you (22) of?
Only time	What (23) it (24) to make or break
Only time	(25) hint of love?
Can you believe that the crew	So (26) me darling
Has gone	Do you (27) we'd fall in love
And wouldn't let me (9) on	All the time
All my islands have sunk	(Oh) All the time
