

All my islands have sunk

Fill in the gaps

I opened my eyes last night		In the deep
And saw you in the low light		And I can hardly
Walking down by the bay		Relax or even oversleep
On the shore		When I feel warm with your hand
Staring up at the stars		In mine
That aren't there anymore		When we walk along the shoreline
I was (1) the night		I guess we'll never know
Grow old		Why (5) love the snow
And you were looking so cold		We'll turn out all of the lights
So like an introvert		And set this ballroom aglow
I drew my (2) shirt		So tell me darling
Around my arms		Do you wish we'd fall in love?
And began to shiver (3)	_ before	(Yeah) All the time
You happened to look		All the time
And see		Time together isn't ever quite enough
The tunnels all around me		When you and I are alone
Running into the dark		I've never (6) so at home
Underground		What will it take to make or break this hint of love?
All the subways around		Only time
Create a great sound		Only time
To my motion fatigue		When we're apart what ever
Farewell		Are you thinking of?
With your ear to a seashell		If this is what I call home
You can hear the waves		Why does it (7) so alone?
In underwater caves		So tell me darling
As if you actually		Do you wish we'd (8) in love?
Were inside a saltwater room		All the time
Time together isn't ever quite enough		All the time
When you and I are alone		Time together isn't ever quite enough
I've never felt so at home		When we're apart what ever
What will it take to make or		Are you (9) of?
Break this hint of love?		What will it take to make or break this hint of love?
Only time		So tell me darling
Only time		Do you wish we'd fall in love
Can you (4) that the crew		All the time
Has gone		(Oh) All the time
And wouldn't let me sign on
