## SUB inglès

That I love you?

## Fill in the gaps

## You're The Reason (Acoustic) by Victoria Justice

| I don't want to (1) a scene                       | You're the only (7) that I'm not afraid to fly    |
|---------------------------------------------------|---------------------------------------------------|
| I don't (2) to let you down                       | And it's crazy                                    |
| Try to do my own thing                            | That someone could change me                      |
| And I'm starting to figure it out                 | Now no matter what it is I have to do             |
| That it's alright                                 | I'm not afraid to try                             |
| Keep it together (3) we go                        | And you need to know that you're the reason       |
| And it's alright, oh well, whatever               | Why                                               |
| Everybody needs to know                           | If it was raining, you would yell at the sun      |
| You might be crazy                                | Pick up the pieces when the damage is done        |
| Have I told you lately                            | You say it's just another day in the shade        |
| That I love you?                                  | Look at what a mess we made                       |
| You're the only reason that I'm not afraid to fly | You (8) be crazy                                  |
| And it's crazy                                    | Have I told you lately                            |
| That someone could change me                      | That I (9) you?                                   |
| Now no matter what it is I have to do             | You're the only (10) that I'm not afraid to fly   |
| I'm not afraid to try                             | You might be crazy                                |
| And you need to know (4) you're the reason        | Have I told you lately                            |
| Why                                               | That I love you?                                  |
| I don't even care when they say                   | You're the only reason that I'm not afraid to fly |
| You're a little bit off                           | And it's crazy                                    |
| Look me in the eye, I say                         | That someone could change me                      |
| I (5) never get enough                            | Now no matter what it is I have to do             |
| 'Cause it's alright                               | I'm not afraid to try                             |
| Keep it (6) wherever we go                        | And you need to know that you're the reason       |
| And it's alright, oh well, whatever               | Why                                               |
| Everybody needs to know                           | I don't want to make a scene                      |
| You might be crazy                                | I don't want to let you down                      |
| Have I told you lately                            |                                                   |

- 1. make
- 2. want
- 3. wherever
- 4. that
- 5. could
- 6. together
- 7. reason
- 8. might
- 9. love
- 10. reason
