

## Fill in the gaps

I walked through the door with you		Maybe we got lost in translation				
The air was cold		Maybe I asked for too much				
But (1)	'bout it felt like	But (18)	(19)	thing	was	а
Home somehow and I		masterpiece				
Left my scarf there		Till you tore it all up				
At your sister's house and you still got it		Running scared, I was there				
In your drawer even now		I remember it all too well				
(Oh) your sweet disposition		Hey you called me up again				
And my wide-eyed gaze		Just to break me like a promise				
We're singing in a car getting (2) upstate		So casually cruel in the name of being honest				
Autumn leaves falling down (3) pieces into place		I'm a crumbled up (20) of paper lying here				
And I can picture it after all these days		'Cause I remember it all all				
And I know it's long gone and		Too well				
That magic's not (4) no more		Time won't fly; it's like I'm paralyzed by it				
And it (5) be okay, but I'm not fine at all		I'd like to be my old self again				
'Cause here we are again on that little town street		But I'm still trying to find it				
You (6) ran the red		After plaid shirt days and nights				
'Cause you were looking (7) at me		When you made me your own				
Wind in my hair, I was there		Now you mail back my things				
I remember it all too well		And I walk home alone				
Photo (8) on the counter		But you keep my old scarf				
Your (9) were turning red		From that (21) first week				
You used to be a little kid		Cause it reminds you of innocence				
With glasses in a twin-sized bed		And it smells like me				
Your mother's (10)	stories 'bout you	You can't get rid of it				
On the t-ball team		'Cause you remember it all t	oo well			
You (11) me about your past		(Yeah)				
Thinking your (12) was me		'Cause (22) we are (23)				
And I know it's long gone		(24) I loved you so				
And there was (13)	else I (14)	Back before you lost				
do		The one real thing you've ever known				
And I (15) about you long enough		It was rare, I was there				
To (16) why I (17) to		I (25) it all too well				
'Cause here we are again		Wind in my hair, you (26) there				
In the middle of the night		You remember it all				
We're dancing round the kitchen		Down the stairs, you were there				
In the refrigerator light		You remember it all				
Down the stairs, I was there		It was rare, I was there				
I remember it all too well		I remember it all too well				
(Yeah)
