

How (1) before I get in?
Before it starts, before I begin
How long before you decide?
Before I (2) what it feels like
Where to? Where do I go?
If you've never tried then you'll never know
How long do I have to climb
Up on the side of this mountain of mine?
Look up, I look up at night
Planets are moving at the speed of light
Climb up, up in the trees
Every (3) that you get
Is a Chance you seize
How long am I gonna stand
With my head stuck under the sand?
I'll stop before I can stop
Or before I see things the right way up
All that noise and all that sound
All those places I got found
And birds go flying at the (4) of sound
To show you how it all began
Birds (5) flying from the underground
If you could see it then you'd understand
Ideas that you'll never find
Or the inventors could never design

Fill in the gaps

The buildings that you put up	
Or Japan and China, all lit up	
The (6) that I couldn't read	
Or a light that I couldn't see	
Some things you have to believe	
But others are puzzles, puzzling me	
All that noise and all that sound	
All those places I got found	
And birds go flying at the speed of sound	
To (7) you how it all began	
Birds came flying from the underground	
If you could see it then you'd understand	
(Oh) when you see it then you'll understand	
All those (8) I knew what (9) mea	ant
Some things you can't invent	
Some get made and some get sent	
Birds go (10) at the speed of sound	
To show you how it all began	
Birds came flying from the underground	
If you could see it then you'd understand	
(Oh) when you see it then you'll understand
