The Pursuit Of Vikings by Amon Amarth

The (1) sun returns again	A ram is sacrificed
And melts away the snow	Across the longship's bow
The sea is (2) from icy chains	And as we set our sails
Winter is letting go	A (12)(13)
Standing on the (3) side	(14) to blow
We can hear the waves	It carries us out to sea
Calling us out (4) tide	With hope of fame and pride
To sail (5) our fate	And (15) all will be
Oden!	That (16) sword in (17) (18)
Guide our ships	die
Our axes, spears and swords	Oden!
Guide us (6) storms that whip	Guide our ships
And in (7) war	Our Axes, (19) and swords
Our (8) us by the shore	Guide us through (20) that whip
Time has come to leave	And in (21) war
Our country, (10) and homes	Oden!
For riches in the east	Guide our ships
Some of us won't return	Our Axes, spears and swords
But that won't bring us down	Guide us through storms that whip
Our fate is (11) in the web	And in brutal war
Woven by the Norns
