

Fill in the gaps

Said I'd never leave her	If you're pretending (13) the start like this
'Cause her hands fit like my t-shirt	With a (14) grip, then my kiss
Tongue tied over three words, cursed	Can mend your (15) heart
Running (1) thoughts that (2) my feet	I might miss everything you said to me
hurt	And I can (16) you (17) parts
Bodies intertwined with her lips	That might fit like this
Now she's feeling so low since she went solo	And I will give you all my heart
Hole in the middle of my heart like a polo	So we can start it all over again
And (3) no (4) to me	You'll never know how to make it on your own
So can we do it all over again	And you'll never show weakness for letting go
If you're pretending from the start like this	I guess you're still hurt if this seed's sown
With a tight grip, (5) my kiss	But do you really (18) be alone?
Can mend your (6) heart	If you're pretending from the start like this
I might miss everything you said to me	With a tight grip, then my kiss
And I can lend you broken parts	Can (19) your broken heart
That might fit like this	I might miss everything you said to me
And I will give you all my heart	And I can lend you broken parts
So we can start it all over again	That might fit like this
Can we take the same road	And I (20) (21) you all my heart
Two days in the same clothes	So we can start it all over again
And I know just what she'll say	If you're pretending from the start like this
If I make all this pain go	With a (22) grip, then my kiss
Can we stop this for a minute	Can (23) your (24) heart
You know	I (25) (26) everything you said to m
I can tell that your heart isn't in it or (7) it	And I can lend you broken parts
Tell me with your mind, body and spirit	That might fit (27) this
I can make your (8) down	And I will give you all my heart
Like the (10) (11) are British	So we can start it all over again
Whether we're together or apart	
We can both (12) the masks	
And admit we regret it from the start
