The (1)	sang	And watch the circus arrive
We knelt and prayed		I don't stand (5) tryin' to focus the blame
As we stood (2) God On that beautiful day		But I'm hurtin' deep down inside
		All the (6) an' all the grievin'
The church bells rang		When did we stop believin'
And the champagne flowed		Too (7) now to (8) the bleedin'
As our friends (3)	round	It's over
For the wedding photo		What's the sense in pointin' fingers
But here we are (4)	five years on	Who's the saint an' who's the sinner
An' our whole world's fallin' apart		They're ain't gonna be a winner
All the plans we had together		It's over
Up in smoke and gone for e	ever	Oh, my dear, (9) happened to us?
Poisoned by the lawyer's letter		Tell me, where did it all go wrong?
It's over		What's the use in keep on fightin'?
I don't want our kids to suffer		All the tears, all the cryin'
Can we talk to one another		Why do we keep denyin'?
You were once my light, my lover		It's over
It's over		In all the time I thought I knew ya
Rumours and whispers tear me apart		Don't forget our children's future
That I know you better than that		I (10) do whatever suits ya
Inseparable were we		Oh yeah
With a breeze in our sails		It's over
Now I feel a chill wind		It's over
On the marriage that failed		Yeah, it's over
And I pray as I divided		
They've taken their sides		
Now they'll all sit back
